2. On October 24, 2011, an agent of the Enforcement Bureau's Columbia Office investigated a complaint of interference from a licensee in the Amateur Radio Service in Bethesda, Maryland. At the time of the investigation, the agent observed radio transmissions on frequency 144.675 MHz, a frequency not authorized by the WQOI271 license.

3. Pursuant to section 403 of the Communications Act of 1934, as amended,<sup>2</sup> and section 1.89 of the Commission's Rules, USUHS must submit a written statement concerning this matter within 20 days of release of this Notice. The response must fully explain each violation, must contain a statement of the specific action(s) taken to correct each violation and preclude recurrence, and should include a time line for completion of pending corrective action(s). The response must be complete in itself and signed by a principal or an officer of USUHS. All replies and documentation sent in response
